RETAIL SAINTPAULIA PRICE LIST - FALL 1959

This price list is as complete and comprehensive as we can make it, and includes both rooted cuttings and strong young plants. Our stock will vary from time to time, depending on demand for certain varieties. Therefore we must ask that you list at least one substitute in each price class. If you do not list substitutes, we reserve the right to substitute (if necessary). Minimum order \$3.50, postage extra. All orders will be given careful personal attention, and we will select the best plants available in the varieties ordered.

Orders are sent Insured Parcel Post, Special Handling. Due to the recent increase in postal rates, we must ask that you include \$1.00 postage, to partially cover the Parcel Post charges and packing costs. If you wish order sent SPECIAL DELIVERY, please include an additional 50¢, or a total of \$1.50 for shipping costs. For your own protection, please remit by check or money order. No C.O.D. orders will be sent. We pack plants very carefully, but if they arrive broken or damaged due to rough handling enroute, we cannot be responsible. You must make claim at your local Post Office. PLEASE NOTE: the Post Office allows no claims on packages which have been frozen. Therefore, orders which are received too late in the fall for safe shipping will be returned and the money refunded. Depending on weather conditions, our fall shipping season ends about November 1st.

ROOTED CUTTINGS are grown in a sterilized rooting medium, with the cluster of plantlets ready to be divided. These are not just rooted leaves, but will have the small plants already developed. We ship rooted cuttings in plastic pots.

PLANTS are in healthy, vigorous growing condition, in 2" pots, grown in sterilized soil. Our greenhouses are state-inspected.

We are African Violet specialists, and are carrying on an extensive program of hybridizing. All of our introductions have been selected and tested for vigor, high flower count, clear color, strong foliage and good growing habits. Most of the plants will develop two flowering stems per leaf under favorable growing conditions, and will produce a large number of flowers per stem.

LATEST RELEASES

ROOTED CUTTING \$1.00 PLANT \$1.25

CANDY LACE - Dainty frilly bloom, white with pink shading, and with lots of green in top petals. A big "hit" at the Detroit Convention.

FEATHERTOP - Heavily frilled pink double. Deep bronzy green frilly foliage with red reverse.

BLAZE - Frilled red-pink, with frilly dark foliage. Brilliant!

Try these two "relatives" of the African Violet, for variety on your violet shelves. Both vine, and both are easy to grow. They will thrive under the same general conditions as the violets.

DIANTHAFLORA - White fringed trumpet-shaped bloom. 50¢ each
TRICHOSPORUM - Brilliant red trumpet-shaped bloom. 50¢ each

AFRICAN VIOLET SEED

Plants raised from seed are free-blooming, husky plants at a minimum of expense. Each one different, each one lovely. Blooming plants can be raised from seed within 6-9 months after the seed germinates. Free cultural instructions included with each packet of seed.

HYBRID MIXTURE - Mixture of colors, singles and doubles \$1.50 pkg.
PINK MIXTURE - Will produce almost 100% pink. \$2.00 pkg.
